Montgomery County ARES and CARES will hold Field Day at Carl Barton Jr. Park. The park is located on south 336 east of hwy. 1314. This is a public location and we can get some good coverage out of field day. Field Day is always the last week end in June. This year it is June 30 – 31. We will have breakfast at Ryan's and then proceed out to the park to begin setup etc. Sign up for equipment loan, setup, tear down, food, operating, etc. will be accomplished at our meetings and over the Nets.

This year we have a Banner and signs. Along with the Banner we have 4 signs (2 of each) to be placed. The Banner and signs are re-usable so they can be used at other events etc.

ARRL FIELD DAY
